

ABOUT US

We are a Procurement Management Company Sourcing Quality Products Globally, we will take care of all your buying needs and arrange the logistics. Allow us to make your Job Easy!

With over 30 years experience in the industry we are the best at sourcing the highest quality products, at the most competitive prices - thanks to our close relationships with clients and suppliers alike.

What's more, we pride ourselves on ensuring delivery is on time, all the time. Here at Exportize, our friendly team have a real passion for what we do. You can be assured that your business is in good hands, from the moment you place your order, to the prompt delivery of products at your premises.

What makes us different?

Not only do we view our valued customers as business partners, we also seek to develop relationships with like-minded companies who are as committed to service excellence, reliability and growth as we are. We think it's these companies who will succeed, and we want to contribute to that growth by constantly exceeding expectations, always adding value and most importantly - never making excuses. We are about more than just tyres - we also distribute a comprehensive range of batteries, oils/ lubricants, spare parts, wheels, equipment, machines, accessories and much more, even Personal Protective Equipment.

At Exportize Ltd, we build long-term relationships through dedicated people and quality products. Our company is one team, one network - dedicated to exceeding our customers' expectations every time they call.

Trevor Woodcock, MD.

WHEELS

From budget to replica wheels, we have the full range.

Our products cover various types of vehicles: **passenger cars, sport utility vehicles, light trucks and 4 wheel drive.**

Wheel sizes range from 10 inches to 32 inches with a full range of colours and designs to satisfy your needs.

All our products are certificated SFI (USA), TUV (Germany), JWL/VIA (JAPAN) with a high-standard of quality control to assure you that you are receiving an outstanding product. To achieve this we use X-ray, spectrograph, cornering fatigue, radial fatigue and impact test machines.

TOOLS/ EQUIPMENT

A comprehensive range of garage equipment is available from Exportize: 4 Poster Lifts, 2 Poster Lifts, Trolley Jacks, Compressors, Tools, Battery Chargers & Consumables.

We can supply everything that you need for setting up a New Tyre Shop. Making Exportize your One Stop Shop. Allow us to make your job easy!

HYDRAULIC TYRE UNPACKING MACHINE

Hydraulic tyre unpacking machine was designed for customers who have to unpack doubled or tripled tyres. It is a very efficient machine when it comes to pulling out tyres from packs of two and more tyres. It is very safe for tyres and an operator. It can unpack a full 40ft container in 1.5 working days.

Here at Exportize we are always happy to discuss any product related query.
